

International INTERNAL MEDICINE TRAINING MEETINGS - 8

BELGRADE

June, 24 – 26, 2016
Serbia

INVITATION

Dear colleagues,

We have no doubt that you are all aware about the dynamism of our field in medicine. Beside our local clinical activities and experiences, international meetings are providing unique opportunity to our friends to share their own clinical practices and new developments.

Turkey and the neighbouring countries are located in such a geography where the majority of the world's population live. Within the framework of academic and social cooperation among countries of our geography, International Internal Medicine Training Meetings - 8 will be organized in Belgrade, Serbia on 24 – 26 June 2016 in collaboration with Turkish Society of Internal Medicine and Serbian Association of the Internal Medicine.

This special event is a great opportunity for Turkish and Serbian clinicians to share their experiences in internal medicine. We would like to welcome you all to this meeting with your distinguished participation and presentations.
